Also, the samsung galaxy play is a very good phone, just i did not care for the UI or the OS. The touchwiz UI slows the phone down. This is not the first time a bad OS has been thrown onto a phone, and it will not be the last. Rushing into a major technology change is not the best move. It's the same with ultra wide bands. Make sure to check if the frequency of the ultra wide band is aligned to your country's radar networks. If they are not, you will have more interference.
